Dear Dr. Sobel:

I would like to thank you and the ICPI Board for providing me with a 2008 ICPI Trainee Travel Award. I recently returned from the CAP'08 Meeting in San Diego, CA where I was invited to present my poster abstract entitled "Familial Creutzfeldt-Jakob Disease Associated With the E200K-129V Mutation and Type 2 Prion Protein Expression: A Rare Haplotype." In addition to the poster presentation, I participated in a number of valuable activities at the CAP'08 Meeting including the Residents Forum, education courses, and networking opportunities with practicing pathologists. I believe that my attendance at this year's meeting will continue to provide benefits to me for many years to come.

As requested, a digital photograph of me is provided in an attachment to this email. I will submit a copy of my travel receipts in a separate letter to you.

Again, thank you for your generosity.

Sincerely,

Saud S. Rahman M.D.
