Intersociety Council for Pathology Information (ICPI)
Attn: Donna Stivers
9650 Rockville Pike
Bethesda, MD 20814

Dear ICPI Board Members:

I would like to thank you for the opportunity to attend the United States and Canadian Academy of Pathology (USCAP) 2016 Annual Meeting in Seattle, WA. While at the meeting, I presented two posters:

In addition, I was able to attend multiple courses including the Internal Society for Urological Pathology (ISUP) Companion Meeting, the ISUP Interactive Conference, and the Genitourinary Pathology Evening Specialty Conference. These lectures gave me the opportunity to learn about newly released updates to the classification system for genitourinary tumors, the *WHO Classification of Tumours of the Urinary System and Male Genital Organs* (Fourth edition, 2016). In addition, I attended the genitourinary pathology proffered papers where I learned about the latest developments in research in the field.

Through the lectures, proffered papers, and interactions during my poster presentations I was able to learn a great deal in preparation for my fellowship in genitourinary pathology next year. Thank you again for helping me to attend the USCAP 2016 Annual Meeting, it was an invaluable learning experience.

Sincerely,

Carmen M. Perrino, M.D.
